Reasons

Background

6. On 28 August 2023, pursuant to section 52 of the Act, the Applicant applied to the Commission for a licence with a major event authority to permit the sale of alcohol to patrons attending the 2023 Electric Storm, an annual outdoor Halloween music festival that has been presented in Darwin since 2012, and which the applicant is marketing to locals and visitors with the target audience being 16 to 40 years of age.
7. This is a 16+ ticketed event and patrons will be ID checked to gain entry and issued a colour-coded wristband depending whether they are over 18.
8. The applicant intends to offer a range of alcoholic and non-alcoholic beverages including light, mid and full-strength alcohol options. The applicant has volunteered the following conditions additional to the prescribed major event authority conditions:
 - Dry areas available
 - No more than four (4) alcoholic drinks per person between 16:00 hours to 21:00 hours
 - No more than two (2) alcoholic drinks per person between 21:00 hours to 23:00 hours
 - No more than one (1) alcoholic drinks per person between 23:00 hours to 2400 hours.
9. The applicant has indicated that in order to increase the safety of underage attendees it is currently engaging with 'Dance Wize', a specialised alcohol and other drug (AOD) outreach service, to be part of the event.
10. The Applicant estimates that a crowd of between 3,500 and 5,000 patrons will attend. Regulation 68(2) of the Regulations requires two licensed crowd controllers for the first one hundred patrons and one additional crowd controller for each one hundred patrons thereafter.
11. The applicant proposes the sale of beer (light, mid and heavy), cider and spirits in

a range of vodka, rum, gin and scotch including ready to drink (RTDs). Mixed drinks will have no more than 30ml spirits except RTDs.

12. There will be no glass containers sold. Water and soft drinks will be available for purchase as well as the provision of complimentary water stations. Food will be available to purchase from food vendors throughout the event until closing.
13. The applicant has confirmed that first aid and paramedics will be provided through St John Ambulance, who will be in attendance for the duration of the event.
14. Designated outdoor smoking areas will be located on the premises, in accordance with the applicant's Smoking Management Plan.
15. The Applicant provided the following documents in accordance with section 53(3) of the Act:
 - a. Application for liquor licence with major event authority;
 - b. Supplementary information application for a major event authority;
 - c. Site plan;
 - d. Detailed information for the event management which includes bar staff information sheet, beverage list, emergency response plan, event operations plan, risk report, financial report, public notice, traffic management plan and crowd controller plan;
 - e. Public Interest and Community Impact Assessment;
 - f. Probity documents and reports, certificates, references, affidavits and statutory declarations for the nominee and applicant;
 - g. Affidavit of Danielle Jones, regarding persons of influence; and
 - h. Smoking Management Plan
16. The proposed nominee for the event is Ms Danielle Jones. Ms Jones has provided the following:
 - a. Photographic identification
 - b. National Police Certificate
 - c. Character references
 - d. RSA/Refresher Certificate.

The Applicant and Nominee

17. The applicant is a registered Australian Proprietary Company limited by shares. There are 12 shares. All 12 shares are held by Mr Russell Temple. Mr Neil Wilson is a Director as well as Ms Caitlin Temple who also holds the position of Secretary.

All parties have been declared within the Affidavit as interested and beneficial financial parties for this application.

18. The applicant has held a major event authority for this event previously. Licensing NT Compliance Officers have not reported any compliance concerns regarding previously run events.
19. The proposed nominee for this event is Ms Danielle Jones, who has previously been the nominee for similar major events.

Advertising and Objections

20. The application was advertised on the Director's applications website and also published in the NT News on Saturday, 2 September 2023. A green sign was also erected at the site advising the public of the application.
21. No objections were received from the public to the application.

Consultation

22. Pursuant to section 56(4) of the Act, the following stakeholders were notified of the application by the Director:
 - a. the Department of Health (**DoH**);
 - b. the Commissioner of Police (**NT Police**); and
 - c. Darwin City Council (**Council**).
23. Although not legally bound to do so, the Director also forwarded a copy of the application for comments to:
 - a. Northern Territory Fire and Rescue Service (**NTFRS**); and
 - b. St John Ambulance (**St John**).
24. With respect to this application:
 - a. DoH advised that it had no objection to the application;
 - b. NT Police advised it is working with the applicant regarding the event;
 - c. Council stated that it had no objection to the application;
 - d. NTFRS supported the application on the proviso that the outdoor special event requirements are adhered to and NTFRS members will inspect prior to the event. The Applicant was provided with a copy of the Special Event Requirements (Outdoors); and
 - e. St John advised it had no issue and confirmed their attendance at the event.

Hearing

25. Given that no objections were received and this is an application for a major event of short duration, in accordance with section 21 of the Act I formed the opinion that it would not be appropriate in the circumstances to conduct a public hearing because to do so would not be worthwhile, and because the application is not controversial. Accordingly, I have proceeded pursuant to the delegation given by the Commission to an individual member to determine an application for a liquor licence with a major event authority.

Assessment of the Application

26. Section 49 of the Act provides that the Commission may only issue a licence or an authority if satisfied that:

- a. the Applicant is a fit and proper person;
- b. issuing the licence or authority is in the public interest; and
- c. the licence or authority will not have a significant adverse impact on the community.

27. The Commission has had regard to the relevant considerations listed in section 59(3) of the Act as to the suitability of the applicant to hold this licence and the premises to be licensed.

28. The applicant has previously held licenses for similar events with no known compliance issues. Electric Storm was previously run in past years at other venues. No concerns have been raised regarding the management of these events by the Director or NT Police save for issues arising from the location of a previous venue near a residential area.

29. The Commission is satisfied that the applicant and Ms Jones are fit and proper persons to hold the licence.

30. The premises are located in a well-serviced outdoor area that has been the venue for numerous large-scale events in Darwin over many years. The site plan shows that the event will provide a large parking area, merchandise and food stalls, a substantial as well as temporary toilets toilet block, water stations, a first aid station, a dry area and designated outdoor smoking areas. The premises will have a perimeter fence and entry will only be permitted from one access point. The Commission assesses the premises as suitable for the supply and consumption of liquor in the manner set out in the application.

31. The conditions fixed by the Commission are in accordance with the applicant's proposal for a staggered decline of the sale of alcoholic drinks to any one person at one time over the latter hours of the event.

32. In 2022, the Commission fixed a condition limiting the availability of pass-outs, that is, allowing patrons to leave the event and re-enter at a later time. NT Police have previously informed the Commission that pass-outs increase the risk of contraband (including alcohol and drugs) being smuggled into the venue, and

provide opportunities for persons to access such substances while outside the venue. The applicant has not submitted that this condition be deleted for the 2023 event, and the Commission has determined to retain it.

33. The Commission has had regard to the requirements of section 49 of the Act, and is satisfied that issuing the licence with a major event authority is in the public interest and will not have a significant adverse impact on the community.
34. As a result, the Commission approves the issue of the licence with a major event authority with the conditions set out at the commencement of this Decision Notice.

The objects of the Act

35. Section 3(4) of the Act provides that in performing its function to decide whether to issue a licence, the Commission must have regard to the primary and secondary purposes of the Act. I consider that the issue of the licence and authorities with the conditions imposed is consistent with the purposes of the Act.
36. For these reasons, I have determined that the application should be granted, and that a licence and authority be issued on the conditions set out at the commencement of these reasons.

NOTICE OF RIGHTS

37. Section 31(1) read with s 60(3) of the Act provide that the decision set out in this decision notice is reviewable by the Northern Territory Civil and Administrative Tribunal (**NTCAT**). Section 94(3) of the *NTCAT Act* provides that an application for review of a reviewable decision must be lodged within 28 days of the date of the decision.
38. In accordance with s 31(2) of the Act, the persons who may apply to NTCAT for a review of the decision are the Director and the applicant.
