

ICAC Submission – Form 436132

Your Feedback

An ICAC is needed into Darwin LandCare as there seems to be some highly ranked people in this organization that have personal agendas in the placement of "Landcare" signs. In particular signage on lands that surround "their" properties to keep people out of "their" area. In particular around Holtze. There is no legal jurisdiction for the placement of these signs and yet they pop up everywhere around "their" privately owned property. And it is funded greatly by the taxpayer and donations, and yet the bosses drive around in high end 4wd's. Something smells! of corruption!
