Subject: Coroner's Findings - Road Death 46 of 2024

Importance: High

Dear Litchfield Council

Territory Coroner Armitage has completed her findings into a 42 year old woman who died at Knuckey Lagoon on 28 August 2024.

The Coroner has made a recommendation to the Department of Infrastructure and Logistics (DLI) with regards to pedestrian safety, with special attention to be given to the intersections of Tivendale Road and Thorak Road with the Stuart Highway. The Coroner has requested that Litchfield Council note the recommendation and respond so far as it concerns Thorak Road which falls under your responsibility.

I attach a copy of the published anonymised findings and the response of the Attorney-General to the Coroner's Recommendation.

Could you please confirm that the Council has noted this recommendation and provide any comment or response that the Council may have by COB 12 October 2026.

Kind regards

From: Martin Loipersberger <martin.loipersberger@litchfield.nt.gov.au>
