Reasons

Background

- 4. Pursuant to section 58 of the *Liquor Act* (“the Act”), the applicant applied to the Director-General of Licensing NT on 11 May 2018 for a special licence to permit the sale of beer and spirits (in the form of RTD mixed drinks) to persons attending Desert Nationals, a drag racing event in Alice Springs. The applicant is seeking to sell liquor from 118:00 to 20:00 hours on 20 July 2018, from 10:00 to 23:59 on 21 July 2018, and from 10:00 to 20:00 on 22 July, 2018.

5. The applicant estimates that between 1,000 and 2,000 people will attend the event. Racing will take place on 21 and 22 July 2018, and the applicant also seeks to open the bar on the evening before racing commences for visitors who will camp at the venue.
6. The applicant has previously been granted special liquor licences for various motor sports events, including in 2016 and 2017, and Licensing NT advises that there have been no compliance issues arising from the conduct of those events.
7. In the Application, the applicant identified “light, mid and heavy beer and pre-mixed spirits” as the types of alcoholic beverages it proposes to sell.

Consultation

8. As this is an application for a special licence there is no requirement under the Act for advertising of such an application, nor is there provision for formal objections to be made concerning such an application. Despite this, a “usual practice” has developed for the Director-General to consult with relevant stakeholders concerning the application, namely the Department of Health (“DOH”), Police, Fire and Emergency Services (“NT Police”), Northern Territory Fire and Rescue Services (“NTFRS”) and seek their comment.
9. With respect to this application:
 - a. The DOH had “no adverse comment” on the understanding that the applicant is aware of its obligations in relation to smoking compliance at the venue.
 - b. NT Police stated “nil objections” and noted “this event is run well and have no problems”.
 - c. The NTFRS expressed no objection to the application, but suggested that the Applicant establish an Emergency Management Plan including evacuation procedures, clearly marked exits to be kept accessible at all times, and designated staff responsibilities.
10. The Applicant responded to the issue raised by NTFRS by confirming that it has an emergency management plan, providing brief details of the plan, and noting that St Johns Ambulance and a fire crew will be on site for the duration of the event.

Assessment of the Application

11. An application for a special licence is regulated by Part VI of the Act. There are no specific criteria prescribed within the Act for consideration of an application for a special licence. A Part VI special licence is not a “licence” as defined by section 4 of the Act, which confines the meaning of that term to “a licence issued under Part III” of the Act.

12. As a result, it has previously been determined by the Commission that an application for a special licence is **not** a licence with respect to which the Commission is bound to apply the public interest and community impact test as provided for under section 6 of the Act.
13. The Commission has previously noted that pursuant to section 3(3) of the Act it is clear that when “exercising a power or performing a function under (the Act) (the Commission) must have regard to the objects of (the Act) and must exercise the power and perform the function in a way that is consistent with those objects”.
14. Section 3 of the Act identifies the “Objects” as follows:
 - “(1) The primary object of this Act is to regulate the sale, provision, promotion and consumption of liquor:
 - (a) so as to minimise the harm associated with the consumption of liquor; and
 - (b) in a way that takes into account the public interest in the sale, provision, promotion and consumption of liquor.
 - (2) The further objects of this Act are:
 - (a) to protect and enhance community amenity, social harmony and wellbeing through the responsible sale, provision, promotion and consumption of liquor;
 - (b) to regulate the sale of liquor in a way that contributes to the responsible development of the liquor and associated industries in the Territory; and
 - (c) to facilitate a diversity of licensed premises and associated services for the benefit of the community.”
15. The Commission considers that the objects of the Act are served by imposing restrictions on the supply of liquor in addition to the “standard conditions” at this event. The Commission has determined conditions calculated to reduce the risk of harm associated with the consumption of liquor while at the same time permitting the sale and responsible consumption of liquor at this popular sporting event.
16. The Commission has regard to conditions imposed on holders of special licences for other recent sporting events, including Nitro Up North (CC2018/079) and the Finke Desert Race (LC2018/044).
17. The Commission has regard to the size, location and configuration of the venue, the proposed hours of trading, the anticipated number of patrons, and the nature of the event, which the Commission considers is likely to be particularly attractive to young men and boys.

18. The Commission has regard to the provisions under the heading “Alcoholic beverages/Glass for Competitors” of the “Desert Nationals Supp Regs” posted on the applicant’s website at www.cadra.com.au:

ASID [Alice Springs Inland Dragway] is a licensed venue under NT Liquor Licensing regulations. The consumption of alcohol is permitted in the spectator areas, alcohol is not permitted in the Pit/Paddock or restricted areas of the track.

Competitors, Crews and Officials must not consume alcoholic beverages during the meeting, CADRA & ANDRA enforces a zero alcohol level. Immediate disqualification for a period of up to twelve months could result. Prohibited drugs should not be consumed at any time, unless under the supervision of a medical practitioner aware of motor racing participation.

No glass containers (stubbies, bottles, jars etc) are permitted in the Complex area at any time.

Alcohol must remain stored in a vehicle until after the event is completed and ALL racing is finished and the event is completed.

Alcohol is not to be consumed in the Pit Paddock until ALL racing is finished and the event is completed.

19. In the Commission’s view, it is appropriate to limit the supply of liquor at the Desert Nationals to one and a half standard drinks (15 grams of pure alcohol) per serve. That is approximately the same amount of alcohol as in a can or stubby of full-strength beer or a 375ml can of medium strength mixed spirits. Similar conditions have been imposed on other similar events.
20. In the Commission’s view, additional restrictions should be imposed on the supply of liquor prior to 13:00 hours on 21 and 22 July 2018, to no more than one standard drink per serve. This is approximately the same amount of alcohol as in a can or stubby of mid-strength beer.
21. In the Commission’s view, an additional restriction should be imposed in the hour prior to midnight on 21 July 2018, by limiting sales to 2 drinks per customer per transaction.
22. Taking these matters into account, the Commission has determined that the additional conditions set out at paragraph 3 above should be imposed.
23. I am exercising the power to make this decision of the Commission pursuant to the delegation made to me by the Commission.

Notice of Rights:

25. Section 120ZC of the Act provides that a person affected by this decision may seek a review before the Northern Territory Civil and Administrative Tribunal. Any application for review of this decision must be lodged within 28 days of the date of this decision.
