Reasons

Background

3. Pursuant to section 58 of the *Liquor Act* (“the Act”), Katherine Regional Arts Incorporated applied to the Director-General of Licensing on 4 April 2018 for a special licence to permit the sale of liquor to patrons attending an event known as “Dreaming Under the Stars” occurring at the venue known as the “Junk Festival Presentation Night” occurring at The Lindsay Street Complex, Lindsay Street, Katherine, in the Northern Territory (“the Premises”). The application was referred to the Commission, and then me pursuant to my delegation, on 23 April 2018.
4. The applicant is seeking to sell liquor between the hours of 1700 hours and 2330 hours on Saturday 2 June 2018. The event is a community arts program for people within the Katherine area to create and showcase art made from junk items. It was stated in the application that it was estimated by the applicant that there would be approximately 400 persons in attendance. The applicant proposes that beer and wine be made available for sale.
5. I am informed by Licensing NT that the applicant has previously been issued special licences for this event in 2016 and 2017 and has been granted special licences for various other events. I have further been informed by Licensing NT that there was information received from NT Police in relation to anti-social

behaviour at the 2016 event; however I have received no other information suggesting any other compliance issues.

Consultation

6. As this is an application for a special licence there is no requirement under the Act for advertising of such an application, nor is there provision for formal objections to be made concerning such an application. Despite this, a “usual practice” has developed for the Director-General to consult with relevant stakeholders concerning the application, namely the Department of Health (“DOH”), Northern Territory Fire and Rescue Service (“NTFRS”) and Northern Territory Police, Fire and Emergency Services (“NT Police”) and seek their comment.

7. With respect to this application:

a. The DOH had “no adverse comment”, but requested as follows:

“Health asks the Director-General of Licensing to consider patron and community safety & amenity when determining this application. Health requests the venue clearly displays signage to delineate the Non Smoking areas from the Smoking Areas.

Licensing is requested to remind the applicant that food and drinks are not permitted to be taken into any identified outdoor smoking area. In that regard could you please have the applicant acknowledge the following and provide a copy of the attached signs for their use:

- The applicant should acknowledge the licensed area as a smoke free area and must display No Smoking Signs (Attached). The application is subject to Section 5B of the Tobacco Control Act being identified as an Outdoor Eating and Drinking Area.
- Any area that is identified as a smoking area, pursuant to section 5B(5) of the Act, must be clearly designated as an area where no food or drinks may be taken. A sample sign has been produced for this purpose for the applicant to display on site”.

b. The NTFRS had “no objections” to the application.

c. The NT Police supported the application.

Assessment of the Application

8. As previously noted, this is an application for a special licence under section 58 of the Act. That section is within Part VI of the Act. There are no specific criteria prescribed within the Act for consideration of an application for a special licence. Special licences exist under Part VI of the Act and are therefore not part of the

definition of “licence” pursuant to section 4 of the Act, namely “a licence issued under Part III” of the Act.

9. As a result, it has previously been determined by this Commission that an application for a special licence is **not** a licence with respect to which I am bound to apply the public interest and community impact test as provided for under section 6 of the Act.
10. The Commission has previously noted however that pursuant to section 3(3) of the Act; it is clear that when “exercising a power or performing a function under (the Act) (the Commission) must have regard to the objects of (the Act) and must exercise the power and perform the function in a way that is consistent with those objects”.
11. Section 3 of the Act identifies the “Objects” as follows:
 - “(1) The primary object of this Act is to regulate the sale, provision, promotion and consumption of liquor:
 - (a) so as to minimise the harm associated with the consumption of liquor; and
 - (b) in a way that takes into account the public interest in the sale, provision, promotion and consumption of liquor.
 - (2) The further objects of this Act are:
 - (a) to protect and enhance community amenity, social harmony and wellbeing through the responsible sale, provision, promotion and consumption of liquor;
 - (b) to regulate the sale of liquor in a way that contributes to the responsible development of the liquor and associated industries in the Territory; and
 - (c) to facilitate a diversity of licensed premises and associated services for the benefit of the community.”
12. As I have been delegated the authority to make this decision, I too am bound by these objects and they have been considered carefully by me when determining this application.
13. As a result of the response received from DOH, Licensing NT directed the information to the applicant who confirmed the matters raised. In addition, although it is apparent there were issues of anti-social behaviour in 2016, this does not appear to have been repeated in 2017 and the NT Police have in fact provided “support” to this application.
14. Having considered this application, particularly the nature of the application and its prior successful events, I am, on balance, satisfied that the objects of the Act have been sufficiently addressed and for the reasons outlined I have decided to grant the special licence as outlined at the start of this Decision Notice.

Notice of Rights:

15. Section 120ZA of the Act provides that a reviewable decision is a Commission decision that is specified in the Schedule to the Act. A decision to issue a special licence subject to condition pursuant to section 59 of the Act is specified in the Schedule and is a reviewable decision. I am exercising the power to make a Commission decision pursuant to the delegation made to me by the Commission.
16. Section 120ZC of the Act provides that a person affected by this decision may seek a review before the Northern Territory Civil and Administrative Tribunal. Any application for review of this decision must be lodged within 28 days of the date of this decision.
17. For the purpose of this decision, and in accordance with section 120ZB(1)(b) and (c) of the Act, the affected person is the applicant.
