376.	30/07/2019 7:21:11 AM	Zachary Rolfe	22...017	We have this small team in Alice, IRT, immediate response team. We're not full time, just get called up from Gd's for high risk jobs, it's a sweet gig, just get to do cowboy stuff with no rules. You'd walk through trg selection in your sleep. And we got sykesy on IRT as soon as he got to Alice so if you got posted here same would happen	7924
